

$$\text{Suc } x \geq x$$

$$H f x \geq x$$

$$H f x \geq H f (f x)$$

So are Suc , 0 , Suc , H , f
 adom :

$$\forall x. \text{ge}(\text{Suc } x) \ x = I$$

$$\forall (f x). \text{ge}(H f x) \ x = I$$

$$\forall (f x). \text{ge}(H f x) (H f (f x)) = I$$
